Royal Sheffield Infirmary and Hospital

Being the amalgamation of

THE ROYAL INFIRMARY, SHEFFIELD, Founded 1797

THE SHEFFIELD ROYAL HOSPITAL, Founded 1832

THE EDGAR ALLEN PHYSICAL TREATMENT

CENTRE, Founded 1911

REPORT FOR THE YEAR ENDED 31st DECEMBER, 1946

ADMINISTRATION

THE Royal Sheffield Infirmary and Hospital intends to pursue its policy of progress and expansion to meet the ever-increasing needs of the large population it is proud to serve. It may be described as a group of institutions well situated, staffed and equipped for its purpose. The Court of Management is responsible for the administration of:—

The Royal Infirmary, a general hospital of	460 beds
The Royal Hospital, a general hospital of	331 beds
The Fulwood Annexe—Special departments (Nervous diseases, Plastic and Jaw)	119 beds
The George Woofindin Rehabilitation Centre	52 beds
The Edgar Allen Institute—Physical Treatment Centre (Out-Patients only).			—
		Total	<u>962 beds</u>

Nurses' Homes at—

The Royal Infirmary.

The Royal Hospital.

Tapton Court.

Kersal Mount.

Oxford Street.

Beech Hill Road.

“Ranfall”

Clarkehouse Road and Rutland Park.

The closing of the War-time Auxiliaries brings the bed accommodation to the more normal peace basis of 962. The following comparative statement illustrates the number of patients treated.

	In-Patients			Out-Patients			Operations		
	1944	1945	1946	1944	1945	1946	1944	1945	1946
Royal Infirmary	7,883	7,708	7,677	74,625	81,662	63,199	9,994	9,712	10,403
Royal Hospital	7,838	7,221	7,927	59,378	62,595	48,517	6,999	6,887	7,571
Totals	15,721	14,929	15,604	134,003	144,257	111,716	16,993	16,599	17,974

The Court works in close co-operation with the University, the Medical School of which is in fact almost an integral part of the Hospitals.

FUTURE OF THE HOSPITALS

The National Health Service Act, 1946, passed into law on 6th November, 1946. It provides for the establishment of a comprehensive health service in England and Wales, and for purposes connected therewith. For hospital services the country will be divided into 14 Regions, of which Sheffield and a large area around it is one.

In each Regional area there may be both teaching and non-teaching hospitals. The administration of the hospitals will be exercised by Regional Hospital Boards and these Boards will appoint Hospital Management Committees to manage and control individual hospitals or groups of hospitals other than teaching hospitals in the area. Boards of Governors will be constituted to exercise functions with respect to the administration of teaching hospitals or groups of teaching hospitals. It appears, then, that the Sheffield hospitals will be a group of teaching hospitals administered by a Board of Governors.

To quote from the British Hospitals Association review :—

“It is of vital interest and advantage to the patient that he should be able to regard the local hospital as his own, even though under the National Health Service it may work closely with other hospitals in an organised service for a larger district. This, however, cannot be so unless every encouragement is given to local people to continue to interest themselves in the work, the service, and the management of their hospitals. Alterations designed to meet this need have been made and are contained in the Act.”

“By another alteration made, the new Management Committees to be appointed under the Act will have the duty of controlling and managing their individual hospital or local group of hospitals ; and the Management Committees will be composed of local people with local knowledge. In the Minister’s own words ‘the Management Committee is the vital element in administration’.”

Voluntary service and gifts continue as aid to patients’ comfort and welfare.

“By alterations made, all hospitals will have some moneys which they can spend at will in the provision of additional comforts for their patients and staff, and generally in improving their services. Patients and others will still be able to give to a particular hospital sums, large or small, for special purposes, which will be solely the property of that hospital. The need for continued voluntary service and for voluntary support has been recently stressed by the Minister and his Parliamentary Secretary.”

Preservation of personal touch and public interest.

“The effect of the above alterations will be to maintain and encourage the continuance of the widest public interest in the work of the hospitals and therefore in the welfare of their patients ; the shadow of remote and impersonal control of the hospitals by the far distant regional body as foreshadowed in the original Bill has been removed. The day-to-day control of the hospital will be in the hands of the managing committee on the spot, and the patient who has a request, suggestion or complaint will still be able to make it direct to those immediately responsible.”

Need for continued interest and support.

“It is hoped that these changes will give fresh encouragement to many who in the past year or so may have refrained from supporting or making special gifts to hospitals of their choice. It would be a calamity if, before they become absorbed in the Service, the voluntary hospitals were to lose their present financial support and thereby also lose the interest of their wellwishers and supporters. Indeed, the Service itself will derive much of its vitality and its humanity from the extent to which the public continues to give both its interest and its support.”

“In the hope that the best of the voluntary system will be retained adequate funds, other than Government grants, should be available to maintain efficiency and all our friends—subscribers, contributors, donors and patients are urged to continue to give generous support.”

EDGAR ALLEN INSTITUTE (Incorporated)

An outstanding event of the year is the amalgamation with the Edgar Allen Institute (Incorporated), which was founded in 1911. This fusion has been in contemplation for some time and originally was to take effect when the proposed new hospital to be built on the Glossop Road site was brought into use and where adequate accommodation was planned for it. The valuable work of the Institute in Gell Street will not meantime be interrupted and will no doubt continue to expand. It will be known as the Edgar Allen Physical Treatment Centre of the Royal Sheffield Infirmary and Hospital, and will be administered by the Court of Management who will appoint a Committee to conduct the management.

COURT

There are happily few changes to record in the membership of the Court of Management. Colonel F. A. Neill and Mr. C. A. Nicholson resigned in April and received the thanks of the Court for their services. Mr. J. Newman, who died on the 15th March, 1946, had been a member for 13 years. His business ability was valued and appreciated by his colleagues. Mr. E. A. Barker was elected to the Court in June.

HONORARY STAFF

The sincere thanks of the Court are here expressed to the members of the Honorary Staff for their continued devotion to the welfare of the patients in their care and for their advice and counsel in the schemes of development which have engaged the attention of the Court during the year. Four members have retired and to each the Court have expressed their deep appreciation of long and faithful service—

1. Professor Wilson Smith in February.
2. Professor A. E. Barnes in June.
3. Professor G. A. Clark in September.
4. Dr. A. Gurney-Yates in November.

Eight members were elected—

- | | |
|---------------------------|---------------------------|
| 1. Dr. H. P. Brody. | 5. Dr. T. Lodge. |
| 2. Dr. E. Skipper. | 6. Professor C. Beattie. |
| 3. Dr. A. W. D. Leishman. | 7. Professor D. H. Smyth. |
| 4. Dr. I. B. Sneddon. | 8. Dr. James Carson. |

ACCIDENT AND ORTHOPÆDIC DEPARTMENT

The scheme outlined in the last Report has not yet reached full fruition. The new building at the Royal Infirmary is progressing—it was up to roof level at the close of the year—and its completion and occupation seem reasonably certain early in 1947.

PLASTIC and JAW UNIT

For the first nine months of the year the department worked entirely at the Royal Hospital, using twenty beds, and treated cases drawn mainly from Sheffield and the area immediately around it.

On 30th September, 1946, the beds were moved to the Annexe at Fulwood, since when thirty beds and an operating theatre have been in full use. Fulwood Annexe

has proved a very happy choice, as the patients who are often very toxic, derive great benefit from the healthier conditions away from the centre of the city. The Out-Patient clinic continues to be held at the Royal Hospital each Wednesday.

The Air Raid shelter at Fulwood has been converted into a suite of rooms consisting of the dental workshop, dental surgery, waiting room, and office. This has greatly facilitated the work of the department.

In addition to the routine work of making dental splints, pressure appliances, etc., the dental mechanics are being trained in the manufacture of various external prostheses such as artificial eyes, noses, ears, etc., for the use of patients who have lost parts of their features and who for various reasons are not fit for operation.

The area from which cases are drawn is gradually extending. In September all the hospitals in the Sheffield region were informed that we were able to accept their plastic and jaw cases, and since then, we have received cases from Chesterfield, Barnsley, Rotherham, Nottingham, Derby, Lincoln, Doncaster and from the Holland district of Lincolnshire. During 1946 fifty one patients have been referred from the Sheffield National Centre for Radiotherapy. They have been cases of either active skin cancers not sensitive to radiotherapy, or suffering from scarring resulting from radium or X-ray treatment.

LABORATORIES

The post-war organisation of the departments, and teaching, of Pathology, Bacteriology, and Bio-chemistry is approaching the stage when considerably more accommodation is necessary. Additional space has accordingly been allocated for the planned development of research and investigation. One such development is the concentration in one central supply service of the issue to all Wards and Departments of sterilized syringes and their maintenance in good order. The need for expansion of Staff and floor space is illustrated in the following account of work done in 1946 compared with 1945—

	1945	1946
Pathology and Bacteriology	32,859	44,759
Bio-chemistry	19,819	29,797

DENTAL DEPARTMENT

1946 has probably been the most difficult year the Department has had to face since the outbreak of war. The small student entries into the University of Sheffield during the war years is now reflected in the hospital student man-power and the amount of work carried out by students for patients has fallen off in consequence.

It is estimated that the present student entry into University will more than fill the accommodation within two years and materially increase the Department's ability to meet the dental requirements of the area.

We welcome Mr. A. J. W. Turrell as a new member of the Honorary Dental Staff in succession to Dr. J. Osborne.

SOCIAL SERVICE

The Almoners have continued to co-operate with the Medical and Nursing Staff in helping the patient to carry out treatment which has been recommended, in planning with him a solution of any social or economic problem which may hinder recovery and in helping him to re-establish himself as a useful citizen. Convalescence has played a prominent part in the After-Care of patients as a means of ensuring that they have an opportunity of recovering in restful surroundings particularly in these days when so many homes are overcrowded.

The follow-up study of the relationship between illness and the social environment was continued throughout the year. Close co-operation is maintained with various public and voluntary organisations engaged in Social Service in the City.

The number of patients sent for Convalescence was 866. Surgical appliances were obtained for 1,272 patients and 5,148 patients were assisted in other ways.

CONVALESCENCE and AFTER-CARE

The Court is indeed fortunate to receive from the Trustees of the Talbot Cuff Convalescent Fund, generous annual grants which enable them to provide adequately for all those patients for whom Convalescent and After-Care treatment is prescribed. The cost this year has been met by the Fund with a grant of £3,800 and the Court is happy to record sincere thanks to the Trustees.

SHEFFIELD SCHOOL OF NURSING

NURSING SCHOOL.—The Supervising Tutor, Miss D. M. Biddle, left to take up an appointment at Plymouth. She made a good start under difficult war-time conditions. Her successor, Miss A. Hanvey, commenced on 1st January, 1947.

The number of Students who joined the school in 1940 was 109, of whom 82 entered for general training and 27 for children's training. The results of the State Examinations held during the year are :—

Preliminary	.	.	.	95 Students entered—73 passed.
Final	.	.	.	83 Students entered—66 passed.

PAY BEDS

The wards for paying patients were brought into use a few months before the war, but owing to their position on the top floor of a block they had to be closed. The scheme had functioned long enough, however, to justify expectations.

Owing to the difficulty in getting the premises reconditioned and the shortage of nursing staff it has only been possible to re-open 15 of the 30 beds. The Court has under consideration the advisability of introducing a reasonable proportion of enrolled assistant nurses.

LEGACIES

The Court acknowledge with grateful thanks receipt of the following Legacies :—

The Royal Infirmary

The Executors of :—		£	s.	d.

SHEFFIELD HOSPITALS COUNCIL

The Royal Sheffield Infirmary and Hospital reved incei the year 1946 the sum of £165,556, an amount which exceeded that of the previous year (£154,443) by £11,113. a most welcome increase. It is not easy year by year to find adequate words in which to express thanks, but the Court is deeply gratified by the sustained success of the efforts of the Council, the employers, and members of the Association of Hospital Contributors.

The intention of the Government, as expressed in the new Act, to retain and encourage local interest in and some local management of the hospitals after the appointed day, will, the Court hopes, be received with satisfaction by all contributors and with a resolve to continue their valued support.

SOLICITOR

In April, 1946, the Court received with regret the resignation of Mr. Edward W. Pye-Smith on his retirement from active practice. Mr. Pye-Smith's many services to the institution, his advice and assistance, of which the preparation for the Act of Parliament, amalgamating the Royal Infirmary and the Royal Hospital, is an outstanding example, are thankfully acknowledged.

He is succeeded as Solicitor to the Royal Sheffield Infirmary and Hospital by his son, Mr. Brian C. Pye-Smith, M.A.

GENERAL SUPERINTENDENT

The Court mourns the loss of Mr. Percy N. Glass, who died with tragic suddenness on the 1st October, 1946.

He was appointed to the office in March, 1944, and fulfilled the highest expectations. A man of vision, enthusiasm, and vigour, he infused a certain liveliness into everything he undertook and in his short but fruitful period of only two and a half years of office left a very definite mark.

Pending the appointment of a successor to Mr. Glass, the Court extended an invitation to Mr. W. H. Booth to return temporarily from retirement and take over the onerous duties of General Superintendent. An immediate acceptance was forthcoming and the Court desires to place on record its deep appreciation of Mr. Booth's public-spirited action in coming to the aid of the Institutions he had already served so faithfully.

The Court has chosen as its new General Superintendent Mr. Joseph Griffith, the Superintendent Secretary of the Bolton Royal Infirmary. Mr. Griffith's earliest association with hospitals was in a voluntary capacity and subsequently he held administrative posts in Plymouth, London and Bolton. He will enter upon his new duties early in the New Year (1947).

MATRON

Miss M. E. Moss, the Matron of the Royal Infirmary, retired on 30th September, 1946. Appointed in 1917 as Assistant Matron, she succeeded to the office of Matron in 1941. Throughout her long service she devoted herself unsparingly to the best

interests of patients and staff, amongst whom she can count a host of friends, who owe much to her love of duty well done.

Sister Tutor—Miss F. Hill, the Senior Sister Tutor, also retired on the same date. She was appointed in 1920 and her natural gift of imparting her great knowledge of nursing to her students has been apparent in the uniformly high percentage of successes gained at the State examinations, by the nurses under her charge.

Both Miss Moss and Miss Hill worked together in perfect harmony and generations of Nurses will long remember their training days at the Royal Infirmary under their guidance.

These two officers leave behind them a record of faithful service and achievement of which they may well be proud.

The best wishes of the Court follows them into retirement.

To fill the vacancy caused by the retirement of Miss M. E. Moss, the Court appointed Miss Dorothy de Meza Warren, S.R.N., S.C.M., D.N.(Lond.) to the post of Matron of the Royal Infirmary.

THANKS

The Court of Management acknowledges thankfully many generous gifts of food, fruits and preserves from the Governments and peoples of Canada, Australia, New Zealand, South Africa, Ecuador, the United States of America and the British Red Cross. These most welcome extras have been thoroughly enjoyed and appreciated by the patients who join in this expression of thanks to kinsfolk overseas.

To the many committees, organisations and individuals who have worked for and made gifts to the hospitals, grateful thanks are recorded. Prominent among them are :—

Hospital Sunday Fund ; Alexandra Rose Day Committee ; Bernhard Baron Trust ; Church Burgesses Trust ; The Town Trustees ; The South Yorkshire District Miners Welfare Association ; Ladies' Working Association of the Royal Infirmary ; Voluntary Assistants—Royal Infirmary Canteen ; Linen and Clothing Guild of the Royal Hospital ; Samaritan Society of the Royal Hospital ; Tapton Court Working Party of the Royal Hospital.

The staffs, Administrative, Medical, Nursing and Domestic, have all rendered loyal and devoted service and to them the best thanks are due.
